

Monthly fees for Municipal and affiliated private nursery schools

The Municipal Administration approved a new “personalized” system for determining the monthly fees for attending municipal and affiliated private nursery schools, which varies from a minimum to a maximum quota, depending on the family economic situation (ISEE). All the information regarding the DSU -Dichiarazione Sostitutiva Unica- and the ISEE -Indicatore della Situazione economica equivalente- can be found in the below circular "Rette di frequenza dei nidi d'infanzia comunali e convenzionati per l'Anno Scolastico 2021/22" ("Monthly fees for municipal and affiliated private nurseries schools for school year 2021/22")

What is the ISEE for?

The Isee certification is necessary to ask for a subsidized fee, that is less than the maximum fee.

For the calculation of the fee, the certification Isee saying “si applica alle PRESTAZIONI AGEVOLATE RIVOLTE A MINORENNI” (it applies to subsidised services for minors) is required

The fee includes school meals (breakfast, lunch and snack) and diapers.

For the attendance fees of the Primavera di San Mauro section there is a 10 % reduction compared to the full-time municipal nurseries' fees.

The fees indicated for all the municipal and affiliated private nursery schools are intended for full-time service. The Trilly Part Time nursery is the only exception.

How does it work?

After the admission to the nursery school, the fee is determined by the Nursery Office (Ufficio Nidi) on the basis of the ISEE presented.

For **newly enrolled children** the fee is communicated upon admission.

For **children reconfirmed** for the following year, a circular is sent, usually in April/May, to all parents by e-mail. This circular indicates the procedure to follow for the determination of the fee for the new school year.

The circular on the fees can be downloaded at the bottom of the page.

For families who do not submit the ISEE, the maximum fee is applied.

Method of payment of the monthly fee:

For each child, a holder is identified, usually the father or mother, to whom the monthly fees are addressed to. By the 15th of the month following the reference month, the fee is issued with payment due at the end of the month following the reference month.

Communication takes place via e-mail. For each family, the credentials to access the link www.comunecesena.ecivis.it are generated and communicated. The credentials can be used to control the accounting situation at all times.

If the family already has the credentials for school meals or for other services, they can choose to keep the same credentials.

At the beginning of the school year all the families receive a communication with all the necessary information.

How do you pay during the school year?

For payments the Municipality of Cesena uses the National payment system called **pagoPA**.

It is possible to use various payment channels described in detail on the page [Scuola - Pagamenti](#).

It is also possible to request the SDD (Sepa Direct Debit, ex RID) by filling out the appropriate form.

If the holder of the nursery service already has the SDD payment for school meals or preschool, keeping the same holder, the SDD payment will automatically extend to the nursery fee as well. To differentiate the payment it will be necessary to identify a different holder with different credentials.

Affiliated private nursery schools' fee

Affiliated private nursery schools' fees are determined by the Municipal nursery office but the payment is made directly to the private nursery school.

What do you need?

- Valid ISEE certificate

How much does it cost?

Starting from the school year 2019/20, and for 2021/22, the fees were reduced thanks to an initiative of the Municipality and a contribution from the Emilia-Romagna Region to families with children attending municipal or affiliated private nursery schools.

For municipal nursery schools

The system for determining the fees applies a minimum monthly fee of € **35,00** to families who have an Isee from zero to € 5.000,00.

Families who have an Isee equal to or more than € 60.000,00, or DO NOT PRESENT the Isee, will be charged a maximum monthly fee of € **405,00**.

Families who present an Isee between € 5.000,00 and € 60.000,00 are given a progressive and personalized fee.

For the attendance fees of the **Primavera di San Mauro** section there is a 10 % reduction compared to the full-time municipal nurseries' fees.

If the family unit is in a situation of indigence or serious socio-economic hardship reported by the Social Services, the Manager (Dirigente) may establish the minimum fee or gratuity, taking into account the opinion of the Social Services

For affiliated private nursery schools

The system for determining the fees applies a minimum monthly fee of € **145,00 (€ 116,00** for Trilly part time) to families who have an Isee from zero to € 14.000,00. Families who have an Isee equal to or more than € 60.000,00, or DO NOT PRESENT the Isee, will be charged a maximum monthly fee of € **405, 00 (€ 324,00** for Trilly part time). Families who present an Isee between € 14.000,00 and € 60.000,00 are given a progressive and personalized fee.

Sibling discount

Families with 2 or more children attending a Municipal nursery or affiliated private nursery school will receive a 50% reduction on the fee from the second child onward.

In case of a child attending the nursery and one or more attending kindergarten, a reduction is applied on the attendance fee/kindergarten meal fee from the second child attending the kindergarten onward.

Where:

Piazzetta Cesenati del 1377, 1 - 47521 CESENA

Schedule:

- From Monday to Saturday from 8.00 to 13.00
